GOLF CLUB WINTERIZATION

While you're giving your clubs a rest let us give them a little TLC with our winterization package.

Did you know that your clubs can change drastically throughout the course of a year? All the balls hit, all the divots taken, and all the clubs thrown (It's a frustrating game, we know) can really change the playing characteristics of your clubs. Groove sharpness, loft and lie angles, and especially grips can really change throughout the year. Let us help by giving your entire set the attention they need.

The Winterization Package

Includes:

- Loft and Lie Check
- Fresh Shaft Name Labels
- Grip Quality Assessment and Cleaning (Re-Gripping extra)
- Thorough Club Cleaning (including all those hard to reach channels and adjustable parts)

If it is time for new irons, woods, hybrids wedges or putter let us know! We can assess your current set and help you figure out just what you may need to change or fill in for the coming season.

Over your current set? Ask us about our trade in program!

Call us at 614-885-9128 for more information

Platform Tennis News...

As the days get too cold to play golf and tennis we want members to take advantage of a fantastic option for fun and competition at WHCC. Platform tennis is a game similar to tennis but played on a smaller court with the rules letting the fence be in play. We have four courts, with lights for day and night play, and if you have played before you know how much fun it is to be outside on a brisk fall day getting a good workout, some competition and most important enjoying comradery.

101 CLINICS

If you have never played or would like some instruction, we will be holding platform tennis 101 clinics for men and women at 2:00 pm on Sunday December 10th. If you are interested, please email or call Bruce Crocco (brucecrocco@yahoo.com) 614-313-7360 with any questions or more details. We will have some practice equipment available for the clinics. The pro shop has a variety of paddles and balls for sale once you get started.
